GENERAL LEAVE

Ms. HIRONO. Mr. Speaker, I request 5 legislative days during which Members may revise and extend and insert extraneous material on H. Res. 696 into the RECORD.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Hawaii?

There was no objection.

Ms. HIRONO. I yield myself such time as I may consume. Mr. Speaker, I rise today in support of H. Res. 696, which celebrates Western Wyoming Community College's 50th year of service to the students and the State of Wyoming.

Established in 1959, a local citizens committee and a general election led to Western Wyoming Community College. Beginning with only 40 community college students and occupying the local high school facilities, WWCC has emerged as a vital part of the southwestern Wyoming community that prepares graduates for advanced degrees and workforce readiness.

WWCC is a comprehensive community college that provides a great foundation for students because of its small class sizes, hands-on learning experiences, and highly qualified instructors. WWCC truly succeeds at educating its students. In 2008, 100 percent of the nursing class passed the State exam.

Today, Western Wyoming Community College enrolls over 3,000 students and offers a wide range of courses. With nine academic programs, 70 concentrations, \$3 million worth of financial aid, and moderate undergraduate tuition, WWCC provides an affordable and diverse academic education for many students living in the surrounding area.

The college prides itself on responding to the changing needs of local businesses and industries, primarily mining and energy, with exceptional academic and technical programs. Its success is based on a strong history of collaboration with local industries.

With that said, WWCC lives up to its motto: "A commitment to quality and

success." I commend Representative LUMMIS for bringing this resolution forward. Again, I want to express my support for this bill, and urge my colleagues to vote "yes."

I reserve the balance of my time.

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I yield myself such time as I may consume.

I rise today in support of House Resolution 696, acknowledging and congratulating Western Wyoming Community College in southwest Wyoming on the occasion of its 50th anniversary of service to the students and citizens of Wyoming.

Western Wyoming Community College was established in 1959. Through the efforts of a citizens' committee, a campaign began, an election was held, and the college in the original district was created. Through the support of the community, the campus has been expanded several times since it was originally built in 1966. Student numbers have increased from 40 in 1959 to over 5,000 in 2002.

Western Wyoming Community College has grown almost every year and is now one of the seven community colleges that serve the State of Wyoming. The main campus is located in Rock Springs, Wyoming, and, together with an extended campus located in Green River, comprises the fourth-largest population center in Wyoming.

WWCC offers a variety of educational services to the community. They offer 2-year transfer programs for students pursuing a baccalaureate, 2-year occupational degrees, and a number of occupational certificate programs. The college has programs in humanities and fine arts; social science; science and mathematics; business; technology and industry; and health science.

Western's mission statement reflects the dedication to education that has led WWCC to become the successful institution it is today. Of the 293 first-time, full-time students that enrolled in WWCC in 2005, 72 percent graduated or went on to other higher education institutions by 2008.

The mission of WWCC is to provide access to postsecondary educational opportunities by offering broad, comprehensive programs in academic as well as vocational technical subjects. Committed to quality and success, Western encourages flexibility, innovation, and active learning for students, faculty, and staff.

Western Wyoming Community College celebrates the 50th anniversary of their founding this month. For 50 years, WWCC has provided a quality education to the people of their community, allowing them to further their careers and better their lives.

I thank Representative Lummis of Wyoming for introducing this resolution. I congratulate Western Wyoming Community College. I ask my colleagues to support this resolution.

I reserve the balance of my time.

Ms. HIRONO. I reserve the balance of my time.

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I yield such time as she may consume to the gentlewoman from Wyoming (Mrs. LUMMIS).

Mrs. LUMMIS. I rise today in support of House Resolution 696 and in recognition of the 50 years of achievement in service by Western Wyoming Community College. I further wish to thank the gentlelady from Hawaii and the gentleman from Pennsylvania for their support of this resolution

As the gentlelady from Hawaii pointed out, Western began in fall of 1959, serving only 40 students out of Rock Springs High School. Today, they have an award-winning campus on College Drive in Rock Springs as well as an extended campus in Green River, which collectively serve 4,000 credits and 2,000 community education students each semester.

Western serves Sweetwater, Uinta, Carbon, Sublette, and Lincoln Counties, all in southwest Wyoming. It is a valued partner with industry, education and local business in its service area to provide transfer and technical education, workforce training, cultural and athletic activities, and community education courses.

Like many educational institutions across the Nation, Western adheres to a set of altruistic guiding principles: Learning is our Purpose; Students are our Focus; Employees are our Most Important Resource; the Community is our Partner; Adapting to Change Defines our Future; and, Ethical Standards Guide our Actions. And it embodies these principles in its motto: "A commitment to quality and success."

Across our Nation, community colleges play a vital role in the higher education system. No State feels their significance more than the State of Wyoming.

Wyoming is almost 100,000 square miles and is served by only one 4-year university. Western is the fifth of seven comprehensive community colleges that bridge this geographic span, making college affordable and accessible across the State of Wyoming.

The seven community colleges across Wyoming allow some students to complete their education with technical training or a 2-year associates degree, while others transfer earned credit to continue and receive their bachelor degrees and beyond.

Making the goals of many students even more accessible is the seamless transfer agreement between the University of Wyoming and the community colleges, allowing students to continue their education in Laramie without loss of credits in the move.

So in recognition of the Western Mustangs, their 50th anniversary, and to community colleges across Wyoming and the Nation, I ask my colleagues to celebrate Western's achievements with me today.

Western will be celebrating as a campus from this Saturday, September 26, through the following Sunday, October 4. Please help me in having the U.S.

House of Representatives celebrate this achievement with them by passing House Resolution 696.

Mr. THOMPSON of Pennsylvania. Mr. Speaker, having no additional speakers, I yield back the balance of my time.

Ms. HIRONO. I want to thank the gentlelady from Wyoming for bringing this forward, because community colleges all across the country play a pivotal role in providing educational opportunities for our citizens. I, of course, congratulate WWCC on its 50th anniversary.

I yield back the balance of my time. The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from Hawaii (Ms. HIRONO) that the House suspend the rules and agree to the resolution, H. Res 696.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the aves have it.

Ms. HIRONO. Mr. Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

The point of no quorum is considered withdrawn.
